

HOME SCHOOL AGREEMENT HARRISON PRIMARY SCHOOL

Our vision is for all children to be taken on a journey of exploration which is challenging and creative, and leads to them becoming lifelong learners. We aim to work together to provide an enjoyable, happy and effective school where all children fulfil their potential and acquire the life skills and values needed to be successful adults. We expect all members of the school community to share the School's Values – Collaboration, Honesty, Equality, Respect & Responsibility

Everyone at school will help me to:

- * enjoy learning and ask questions
- * show respect for others and my surroundings
- * take responsibility for my actions
- * understand one another's rights
- * be happy, settled and ready to learn
- * keep myself safe, including when I use the internet
- * be well behaved and do very well.
- * work in partnership with parents

Everyone at home will help me to:

- * get to school on time every day
- * try my hardest and learn well
- * support me with home learning
- * reach my learning targets
- * be involved in school life
- * keep safe, including when I use the internet
- * read with my child daily and practise phonics
- * maintain at least 97% attendance
- * let school know if I need help.

We are a UNICEF Rights Respecting School and these values are reflected in our Class Charters.
